

Automated Test & Code Coverage Report

Generated: 2026-09-26 16:26:21
Environment profile: test (APP_ENV=test)

Run Summary

Result	PASSED	Passed	53	Failed	0
Total coverage	91.99%	Minimum	90%	Warnings	109

Pytest result: 53 passed, 109 warnings in 0.61s

Coverage scope: backend and config modules; the Streamlit frontend is excluded.

Coverage threshold is enforced by pytest.ini.

Per-Module Coverage

Module	Statements	Missed	Coverage
backend/__init__.py	3	0	100.00%
backend/graph.py	182	0	100.00%
backend/main.py	286	45	84.27%
backend/models.py	30	0	100.00%
backend/utils.py	58	0	100.00%
config/settings.py	78	6	92.31%
TOTAL	637	51	91.99%

The matching timestamped .log and .json files contain the captured run output and machine-readable coverage data.
